Collage and Paintings

Strikingly unique, colourful and intriguing

Lee Ettinger-Moss uses paper collage to create extraordinary pictures that reflect her outgoing personality. Colourful, contemporary and packed with detail, they never fail to attract attention.

Lee Ettinger-Moss trained at England's Medway College of Art and Design where she obtained a first-class degree. Since then she has worked on both sides of the world in a diverse range of creative jobs that have influenced her art.

The works for sale have emerged from an intense creative phase of almost two years. Lee is proud to be represented by fellow local artists Alasdair and Olive McClintock of Three White Rooms gallery.

Opens Friday 19 August – join the artist for drinks and light bites from 6.30pm.
